This is to certify that **JAYANI S E, from the Department of MTECH INTEGRATED SOFTWARE ENGINEERING, VIT VELLORE, has successfully completed a internship and live project program at CopterCode , JUNE-JULY** in the field of FULL-STACK Development & Software Development.

INTERN – FULL-STACK DEVELOPMENT & SOFTWARE DEVELOPMENT

During the internship, **JAYANI S E** worked with our engineering and R&D teams as a Software Developer Intern as well as a FULL-STACK Development & Software Development.

Key responsibilities and contributions included:

- Developing frontend and backend components of web applications using appropriate technologies and frameworks.
- Designing user-friendly interfaces and implementing scalable backend services.
- Integrating databases, APIs, and third-party services.
- Debugging, testing, and optimizing code to ensure performance and reliability. Collaborating effectively with team members to deliver project milestones on time.

Throughout the internship, **JAYANI S E** demonstrated strong technical aptitude, eagerness to learn, and a professional attitude. The contributions to the assigned projects were valuable and appreciated.

We thank **JAYANI S E** for the efforts during the tenure at CopterCode and wish continued success in all future endeavours.
